PRODUCT DATA SHEET

Connex Triple Back to Back Desks

CODE: CO4216

Six straight 800mm deep desks in a triple back-to-back bench desk configuration. Legs are shared between desk clusters with two recessed centre leg supports to save space and costs.

As bench solutions are becoming more popular and mainstream in open plan offices, the Connex range has been developed in response to modern office design and is a more cost effective alternative to the popular Adapt II benching solution.

Through its twin fixed beam steel frame construction, Connex is robust enough to cope with the rigours of a busy office and is an ideal modular system for high density office spaces.

FEATURES & SPECIFICATIONS

- 25mm desktops available in beech, maple, oak, walnut and white
- Extended rectangular steel framework in silver or white for enhanced strength and stability
- Horizontal & vertical cable management allows cables to rise from the floor via mass cable risers
- Legs are shared between desk clusters with a recessed centre leg support to save space and costs
- Quick assembly modular bench desk system for high density office spaces
- Six straight 1600x800mm desks in a triple back-to-back bench desk configuration
