PRODUCT DATA SHEET

Piano Acoustic Tiles - Hexagonal

CODE: PWH-25-2

Transform plain walls into functional, stylish features with our Piano Wall Tiles. These modular acoustic panels are designed to enhance sound control in offices, educational spaces, and retail environments, while adding a creative decorative touch. Available in square, triangular, hexagonal and rectangular shapes, and offered in a variety of colours and thicknesses, Piano Tiles allow you to design unique wall patterns that combine aesthetics with performance.

Crafted from 100% polyester fibre, including a minimum of 60% recycled post-consumer waste, they are lightweight, durable, and easy to install using Velcro strips. Covered in premium Citadel fabric, they deliver both exceptional acoustic performance and a modern design finish. Piano Tiles are a sustainable, safe, and stylish solution for any workspace.

FEATURES & SPECIFICATIONS

- Mix and match shapes for endless design possibilities
- Lightweight, durable, and simple to install
- Choice of premium Camira acoustic fabrics
- Made from 100% polyester fibre with no chemical binders
- Manufactured with at least 60% recycled material

Codes:

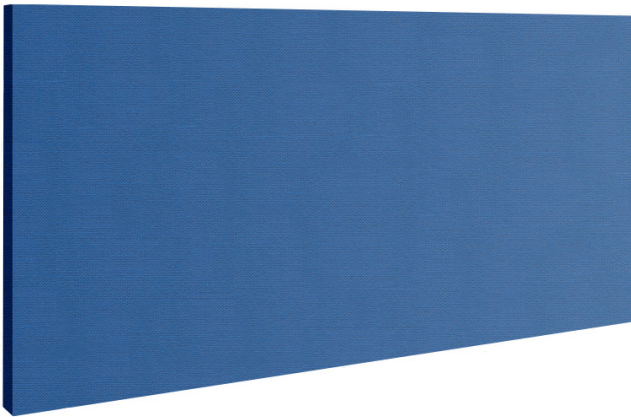

PWH-25-2- W1195 x H1195 x D25mm - Hexagonal
