# RECEPTIV

The Receptiv range offers a wide selection of modular units, allowing fully customisable counter configurations to suit any reception space. Available in straight or curved designs, with varying heights and specifications, these units provide complete flexibility and tailored solutions.

## FINISHES

First impressions leave a lasting and powerful impact. Thoughtfully combine subtle, elegant finishes to create a warm, inviting colour palette that enhances the ambiance of any space.

## CONTOURED SHAPES

With the diverse range of modular units in the Receptiv collection, you can design reception counters featuring a variety of curves and contours, seamlessly adapting to even the most challenging spaces.

DESIGN ANYTHING FROM SLEEK, STRAIGHT COUNTERS TO DYNAMIC CONVEX AND CONCAVE CURVES WITH OUR VERSATILE SELECTION OF MODULAR UNITS.

## COMPACT

Reception areas need not feature grand, sweeping designs. The Receptiv range also enables you to craft compact, efficient reception counters tailored for individual users.

# RECEPTIV REFINED

---

The Receptiv range includes accessible units crafted to meet disability compliance requirements, ensuring inclusivity for all users. Additionally, optional glass shelves can be incorporated to enhance the aesthetic, adding a refined and elegant touch to your reception counter design.

## IMPACT

When curves are not desired and sharp, angular corners are preferred, Receptiv corner units can be seamlessly integrated to create crisp 90° returns, offering a sleek and modern look.

## CURVES & COMBINATIONS

---

By skillfully combining sweeping, dynamic curves with striking, vibrant colours, you can design a reception counter that not only projects a bold, confident sense of style but also embodies a seamless, flowing elegance, creating an inviting and memorable focal point for any reception space.

# ALLURE

The Allure range features modular units with enhanced customisation options, including decorative panels and overhang units. These allow you to further personalise your reception counter with our extensive collection of vibrant and versatile colour options.

## CUSTOM COLOURS

Choose from our diverse collection of 20 classic and 4 pastel MFC finishes to fully customise your Allure reception counter, allowing you to create a design that perfectly reflects your unique style preferences and complements your space's colour scheme.

# DECOR PANELS

Allure units offer versatile customisation through decorative panels. Choose from five distinct options: a sleek single-finish design without decor panels, a contrasting top shelf without decor panels, a single decor panel, horizontal decor panels, or an overhang unit for added style and functionality.

**NO DECORATIVE PANEL**  
Reception unit with matching or contrasting top shelf finish

**SINGLE DECORATIVE PANEL**  
Reception unit with single panel. Supplied with vertical wood grain

**HORIZONTAL PANELS**  
Reception unit with horizontal panels. Supplied with vertical wood grain

**OVERHANG PANEL**  
Reception unit including overhang unit. Supplied with vertical wood grain

## OVERHANG UNITS

Overhang units can be specified for single units or extended across multiple units, available in a choice of 24 MFC finishes. This wide colour range enables personalised customisation of your reception counter, enhancing its visual charm.

# ELEGANCE

---

Blend striking wood grains with soft, understated tones to craft a sophisticated and stylish appearance. With its extensive colour palette, the Allure reception range offers unmatched versatility to complement your unique colour scheme.

## PASTELS

Select from our four stunning 18mm pastel colour options for the décor panels to craft a striking reception counter that bursts with vibrant colour and modern flair, ideal when a traditional woodgrain finish doesn't suit your vision.
