## PRODUCT DATA SHEET

### Vision High Back Mesh Chair with Multifunction Arms & Head Rest

CODE: VS354

The Vision Task Chair combines modern design with ergonomic comfort, making it a versatile addition to any workplace. Its breathable high mesh backrest keeps you cool throughout the day, while the height-adjustable back and built-in lumbar support ensure optimal posture and lasting comfort. Equipped with multi-functional armrests and independently adjustable seat and backrest controls, the Vision allows you to personalise your seating position with ease. The clearly labelled levers make adjustments simple, giving you full control over your comfort. Stylish, supportive, and practical, the Vision chair is designed to enhance productivity in any office environment.
