PRODUCT DATA SHEET

Heavy Duty Cantilever Exam Desk

CODE: EXHD1M

Designed for strength, durability, and efficient storage, the Heavy Duty Cantilever Desk is an ideal solution for classrooms, training rooms, exam halls, and multipurpose learning environments. Featuring a robust steel cantilever frame, the desk is engineered to stack neatly on top of one another, helping to maximise available floor space when not in use. The unique frame design incorporates a 25mm x 25mm upper leg frame with a lower foot frame positioned 50mm below, allowing desks to nest securely and stack up to five high. Constructed from heavy-duty steel tubing, the frame provides exceptional stability and long-lasting performance in demanding educational settings. The tabletop is manufactured from durable laminated board, offering a hard-wearing and easy-to-clean surface suitable for everyday use. Available in a range of sizes, finishes, and frame colours, the desk can be tailored to complement any learning environment.

FEATURES & SPECIFICATIONS

- Heavy-duty steel cantilever frame construction
- Designed for easy nesting and storage
- Stackable up to 5 tables high
- Easy-clean surface ideal for educational environments
