PRODUCT DATA SHEET

Pre-cut Suspension Tapes with Self-adhesive Strip

CODE: PLA-P04-841

Our 4-hole polyester plan strips are a durable and convenient solution for attaching frequently required plans in site offices and drawing offices. The strips come with an integrated self-adhesive strip that makes them quick and easy to attach. These strips are designed to be used with 4 prong A0 / A1 plan files and plan frames. Made of polyester material, these plan strips are extremely hard-wearing and can withstand frequent handling and usage. The 4-hole polyester plan strips are an efficient and reliable way to keep your plans organized and easily accessible.
