PRODUCT DATA SHEET

Arc Four Leg Chair

CODE: TA1_6

The Arc 4 leg chair is a multipurpose product designed for café, conference rooms, seminar halls and healthcare sectors. With its curved back design and easy-grip feature make it suitable for a variety of floor types, and it's anti-tilt design ensures safety and stability, providing a secure seating option. The black four-leg chair frame and plastic seat shell are built to last as this chair meets BS EN 1729 ratings for quality and safety. Upgrade your seating with the Arc 4 Leg Chair and enjoy an extra level of support and comfort.
