PRODUCT DATA SHEET

Focus 3.0 Plus Acoustic Pod

CODE: FOCUS3

Create a private, comfortable and productive workspace with the Focus 3.0 Plus Acoustic Pod. Designed for individuals who need a quiet environment for focused work, calls, meetings or extended periods of concentration, this spacious acoustic pod combines excellent sound insulation with ergonomic features and modern technology. The Focus 3.0 Plus features a unique extendable desktop, providing a flexible working surface that can be adjusted to suit your preferred working position. The integrated storage space offers a convenient place to keep personal belongings and workplace essentials, helping to maintain a clean and organised environment. Comfort is further enhanced by the exclusive sofa-style seating with supportive backrest, making the pod particularly suitable for longer periods of use. Acoustic materials provide effective sound insulation, helping to create a quieter and more private workspace within busy office environments.
