## PRODUCT DATA SHEET

### Titan Skid Base Chair

CODE: T25

Built to withstand the demands of the modern classroom, the Titan Skid Base Chair is a durable, stackable seating solution designed with both strength and safety in mind. Its ultra-strong frame features anti-tilt legs to promote good posture and reduce the risk of tipping, making it a reliable choice for high-traffic educational settings. Easy to stack and store when not in use, this chair is ideal for schools, colleges, and training environments where space and durability matter.

## FEATURES & SPECIFICATIONS

- Consisting of a durable impact-resistant polypropylene shell
- Steel skid base with colour-coded plastic feet
- shape seat promotes good posture
- Skid frame is anti-tilt
- Safely stackable up to 4 high
