Features & Benefits

Designed for durability and everyday practicality, these one-piece plastic chairs are incredibly strong yet lightweight, making them easy to move and reconfigure as needed. Available in 11 vibrant colour options, they bring flexibility and personality to any environment.

The ergonomic design ensures comfortable seating, while the smooth, wipe-clean surface makes maintenance simple. Stackable up to eight high, they offer convenient, space-saving storage when not in use.

With a seamless one-piece seat and back, there are no gaps for water to penetrate — making them ideal for both indoor and outdoor settings.
