## PRODUCT DATA SHEET

### Connex Starter Units (Single)

**CODE: CO148-SB**

Single straight desk starter unit 800mm deep with two cable access ports. Extend into a modular bench desk system with single desk add-on units.

As bench solutions are becoming more popular and mainstream in open plan offices, the Connex range has been developed in response to modern office design and is a more cost effective alternative to the popular Adapt II benching solution. Through its twin fixed beam steel frame construction, Connex is robust enough to cope with the rigours of a busy office and is an ideal modular system for high density office spaces.

## FEATURES & SPECIFICATIONS

- 25mm desktops available in beech, maple, oak, walnut and white
- Extend into a modular bench desk system with single desk add-on units
- Horizontal & vertical cable management allows cables to rise from the floor via cable risers/trays
- Legs are shared between desk clusters with a recessed centre leg support to save space and costs
- Silver or white rectangular steel leg frames for enhanced strength and stability
- Single straight desk starter unit 800mm deep with two cable access ports
