

## PRODUCT DATA SHEET

### Titan Swivel Junior Stool with Plastic Base and Castors

CODE: T32

The Titan Swivel Junior Stool is designed with safety, durability, and comfort in mind, making it ideal for classroom and educational environments. Featuring a 5-star, height-adjustable swivel base with anti-tamper fixings, this stool ensures stability and security during everyday use. The anti-tilt design provides extra protection, promoting a safe seating option for students of all ages. Fitted with smooth-rolling black vinyl castors, the stool allows for easy movement while maintaining a robust and reliable structure. Built to withstand the rigours of busy school settings, it conforms fully to the ergonomic standard BS EN 1729.3, guaranteeing correct posture support and long-lasting comfort.

Perfect for modern classrooms, the Titan Swivel Junior Stool combines functionality, safety, and ergonomic design in one practical seating solution.
