PRODUCT DATA SHEET

Connex Plus Goal-Post Wooden Back to Back Desk

CODE: GWBT1616

The Connex Plus Boardroom Table combines a strong, durable construction with a clean and contemporary design, making it an ideal choice for modern meeting rooms and boardrooms. Featuring a sturdy steel subframe with stylish wooden legs, the Connex Plus offers a practical and cost-effective solution without compromising on appearance. The innovative shared-leg design allows tables to be configured efficiently, creating a streamlined look while providing excellent stability and durability. The table features a 25mm thick desktop with impact-resistant ABS edging, available in a choice of white or oak, allowing you to create a professional workspace that complements your office interior. For modern, technology-focused meeting spaces, the Connex Plus is power ready and can be fitted with integrated power and data modules. This makes it easy to connect laptops, screens and other devices, transforming the boardroom into a fully equipped, interactive meeting environment.

FEATURES & SPECIFICATIONS

- Rectangular boardroom table with 25mm tops and impact resistant ABS edging
- Extended sturdy steel framework with wooden legs
- 25mm table tops available in white and oak
