\*Martindale abrasion testing alone is not  
an appropriate indicator for the durability of  
this product. The heat generated by this test  
far exceeds normal practice and affects the  
constituent fibre. The robust performance of this  
product is proven in use with a 10 year guarantee  
of durability.

Please note that seam performance is dependent  
on seam construction and needle and thread type.  
We recommend that appropriate sewing advice  
be taken.

Batch to batch variations in shade may occur  
within commercial tolerances. We reserve the right  
to alter technical specifications without notice. The
