Upgrade your workspace with this medium back managers chair designed for all day comfort. The generously cushioned seat and backrest provide reliable support, while the padded armrests add an extra layer of comfort during long hours at your desk. Upholstered in sleek black faux leather, the chair brings a professional, modern look to any office.

A smooth height adjustment lever lets you find your ideal seating position, and the sturdy five wheel base ensures easy movement across your workspace. Durable, comfortable, and easy to maintain, this chair is a practical choice for home offices, study areas, and commercial environments.
